	며 Open		
	Open file location		
	-ba Pin to Start		
	-12 Pin to taskbar		
0.0.0.1			

2. Click Microsoft Windows 10 Update Assistant in the Applications section.

- 3. Click Install
- 4. The automated deployment starts a prompt will appear verifying the computer is compatible with the update. If it is not compatible, please contact the TechZone at 610-519-7777 or support@villanova.edu for assistance. Note: You can continue to work normally with this window minimized.

We'll start downloading Windows 10 in a moment.

Harting download in: 0:09	Next

5. After the download starts the progress window will appear and show the progress for the download and install.

6. Please let it run in the background and be aware that it might seem stuck at 85 – 87% for an extended amount of time. Please be patient as this is a normal part of the process.
