A 'MY APPLICATION STATUS' sidebar lists items like GPA Calculations, Transcripts, Evaluations, and Dental School Designations.

The ADEA AADSAS application requires all applicants to provide a DENTPIN®, a unique identification number assigned to all applicants and students in dental education and standardized testing programs. You may have obtained a DENTPIN® when you registered for the DAT. If not, you will be prompted to register for a DENTPIN® when you create your ADEA AADSAS application. Your DENTPIN® will follow you throughout your dental education career and will be required to register for future examinations. To register for a DENTPIN® or to look up your current DENTPIN®, go to: www.ada.org/goto/dentpin.
