

Report to the University Senate
February 2011

The Committee met in October 2010 and the minutes were forwarded to the University Senate.

The Committee viewed the presentation regarding the various issues/implications of the potential move to the Big East Football Conference.

The presentation was similar to the one being presented to the University President Peter Donohue, OSA and the Board of Trustees. As noted in the minutes, at that time it was requested that the contents of the presentation be kept confidential by the members of the Committee.

Since that Committee meeting in October, all segments of the Villanova University community have view the presentation and had the opportunity to respond to this presentation.

The Athletic Advisory Committee is awaiting the April decision as are the members of the entire Villanova faculty, staff, and administrators.

After that decision has been rendered, the Committee will reconvene.
