Vice President's Report (Fr. Stack):

1. Fr. Stack sought opinions of students on Big East football question. Student comments were:
 - a. Every student I know wants us to join the Big East, it's more exciting
 - b. People view the move very positively, would make us a "reall football" program
 - c. One student observed he used to be against the move, but now is for it as long as the move does not delay other moves forward for the university (new residence halls, Lancaster Avenue development)
 - d. We would want to provide/help with transportation to the home games
 - e. Just do it!
2. Fr. Stack shared that the plan was for the decision to be made at the April Board of Trustees meeting.
