

CERTIFICATE IN CHURCH MANAGEMENT

As disciples of Jesus Christ, we are called to be responsible stewards of the human, financial, and organizational resources entrusted to our care, yet many church leaders were never taught the sound management techniques necessary to fulfill that responsibility. This webinar series is designed specifically to fill that need.

Our distinguished team of presenters are excited to offer participants the most current church management practices designed uniquely for faith-based organizations. Participants who complete all 12 lessons and reflection papers will earn a Certificate in Church Management from the Villanova School of Business. We would be honored to have you join us, so that we can support you in your ministry to the church.
