IMPORTANT EU ENTRY INFORMATION

ENTRY/EXIT SYSTEM

Prior to your trip, we'd like to make you aware of some new requirements necessary for your entry into the European Union.

The European Union now requires all non-EU travelers to submit their biometric information at its borders **via the Entry/Exit System (EES)**. This system will collect your fingerprint and face-scan to streamline the process upon the entry and exit of the EU.

The personal information collected by the EES will be kept by the EU to verify visitor movement and ensure travelers are not overstaying the 90-day grace period. Please click below to review more information regarding this new Entry/Exit System.

IN NEED OF ADDITIONAL ASSISTANCE?

CHECK YOUR PASSPORT

Please be sure to check the expiration date on your passport to confirm it is not out of date or that it expires within six months of your trip. This is something that is commonly overlooked and can create a great deal of stress. Airlines will not allow you to board a flight to Italy if your passport is expired so we highly recommend you start the renewal process now as this process takes the same amount of time as a new application.

TRAVEL INSURANCE

Travel insurance can assist with the unexpected: natural disasters, medical issues, flight cancellations, even lost luggage. Because travel packages are fully non-refundable, On Location highly recommends the purchase of travel insurance through Allianz. No one plans for unexpected challenges to arise, so we recommend you protect the investment you have made in your trip.
